

Tips for Safe Mobile Banking

GMFCU cares about the safety and security of every member. Our mobile banking app is a great way to stay connected to your account when ever you may need it.

Follow these tips to help keep all of your private information secure.

- Always put a password on your phone and mobile banking app
- Only download apps from trusted sources
- If you use an Android do not enable “install from unknown sources” feature
- Never store usernames or passwords on your phone
- Keep your phone on you or secure it in a safe location
- Delete text messages recieved from the credit union after you read them
- Notify your credit union if your phone is lost or stolen so the app can be deactivated
- Do not modify the phone as it may disable important security features
- Install anti-virus software
- Check your account frequently and notify the credit union of any unauthorized transactions
- Never respond to a text message requesting Social Security numbers, debit/ credit card numbers, or account numbers
